

TRIBUTE TO LYNN PETERSON

The Board of Trustees and Resource Development Committee would like to gratefully acknowledge Lynn Peterson's extensive efforts in support of NUCS, particularly in fundraising for our church. In addition to having served on the Board of Trustees, Lynn recently "retired" from the Resource Committee after eight years of service that included several years as chair. Lynn continues to provide vital fundraising help through oversight of the NUCS portion of the Bookstock book sale, as a liaison to the North Chapel Music Series, and by pursuing grant opportunities. He remains active in both our Church and the Woodstock community, for example, in the class on Emerson he is currently offering with Daniel and as a board member for the Thompson Senior Center.

Thank you Lynn, for your dedication to North Chapel and the wider Woodstock community. We hope it will continue for many years to come.
